## Annotated Resource List of Synagogue Consultants

### **STAR Long-Range Planning Consultation**

Compiled by: Isabel de Koninck, Noga Newberg, Sharon Ravitch and David Teutsch,

This annotated list of synagogue consultants is a first effort to learn about the range of consultants who engage in consulting with synagogues. The product of snowballing, the list will grow as other consultants make themselves known. The goal of compiling this initial list is to create a data base of consultants engaging in this work in order to facilitate referrals, networks and opportunities for the sharing of information. This project is part of a broader undertaking initiated by STAR: Synagogues Transformation and Renewal called the Long-range Planning Project.

Some academic researchers who indicated that they do not see themselves primarily as consultants were included because of their impact on the field. Many different kinds of consultants are included in the list, including: Not-for-Profit (NFP), Academics (A), Federation-related (FED), Independent (IND), and movement-related--Reform (REF), Reconstructionist (REC), Conservative (CON) and Orthodox (ORTH).

Since there is no comprehensive national listing of synagogue consultants, this list is necessarily incomplete but it is a starting point for the further identification of consultants in this area. STAR welcomes any additional information and looks forward to the revision and expansion of this list.

#### **Key to Abbreviations**

IND = Independent

A = Academic

NFP = Not-for-Profit

FED = Federation

JNFP = Jewish Not-for-Profit

REF = Reform Movement

RECON = Reconstructionist Movement

CON = Conservative Movement

HUC / JIR = Hebrew Union College / Jewish Institute of Religion

JTS = Jewish Theological Seminary

RRC = Reconstructionist Rabbinical College
